

## HEALTH CHECK UP PROGRAMMES

- Preventive health today is the most important need of the hour for health conscious people. In these times of high stress lifestyle, unlimited working hours and irregular food habits begin to take their toll. Our aim is to provide the best healthcare diagnostic facilities to detect disease at its earliest form.
- We, at Breach Candy Hospital believe that good health is the foundation for success in life. With this in mind our medical team has formulated the under mentioned Health Check up packages. These can be further tailor made & tailor-costed to suit your requirements.

## BENEFITS OF THE VARIOUS TESTS

- CBC to detect infection.
- Blood Sugar to detect Diabetes.
- Liver Function tests to detect if the liver is functioning at the optimum level.
- Lipid profile for early detection of heart related ailments.
- PSA for detection of Prostatic cancer.
- Chest x-ray to detect abnormalities in lungs, airways and heart.
- ECG to assess heart function.
- Mammography for detection of cancer of the breast.
